

Biological Systems Engineering Graduate Program

THESIS/DISSERTATION PRESENTATION

As stipulated in the degree requirements approved for the program by Graduate Council, students must make a public presentation of their thesis/dissertation that must be attended by the thesis/dissertation committee members. The committee members must also meet to discuss and evaluate the thesis/dissertation. This form must be submitted to the Graduate Adviser prior to filing the thesis/dissertation with Graduate Studies.

_____ has, with our agreement, scheduled a public presentation of his/her thesis research to be held on:
